fighting at Richmond.

The accounts from Richmond indicate that severe fighting has been going on there. Our army appears to be working out of the swampy area to the dry ground occupied by the enemy. The latter give back reluctantly but are compelled to do so by the superior fighting qualities of our men. We hope to chronicle a decided victory before the week ends.

TENDERS FOR REBELS.—The New York Tribune says that "Sixty or seventy soldiers are in prison at Fredericksburg for various offenses against rebels' persons or property. One is incarcerated for robbing a rebel's hen-roost. Another for taking dry fuel from a rebel's wood pile, instead of going, after a long march, miles to cut green sticks. Another for losing patience with sick mouthed wives and daughters of rebels and answering them in kind. The only persons thus far punished at or near Fredericksburg by the General Commanding the Department of the Rappahannock are his own soldiers. The only persons protected in life, liberty, or property, are rebels. Union men suffer nightly, but no attempt to make reprisals is made."

It is not possible to get a commander of this department who will be at least "neutral," and not against Union men? This would be an improvement upon McDowell. Perhaps it would be too "radical" to make at once a thorough change from bad to good. Try it by easy advances, as our scientific generals do in the presence of the enemy.

A NEWSPAPER SUPPRESSED.—On Sunday night, the 15th inst., Col. Burston suppressed the Leavenworth Inquirer, a democratic newspaper which had exhibited too many secessionist propensities to be longer tolerated by the Union authorities. The order for its suppression was issued by General Blunt, the commanding officer of the Kansas department. Barrell B. Taylor, editor, W. H. Adams, P. Ryan and D. Taylor, publishers, and W. H. Westbrook, "local," were arrested and committed to prison. Major Calkins was entrusted with the immediate execution of the order, and he writes home that it was "a painful duty." Undoubtedly it was so, and it is a strange coincidence that Wm. A. Barstow and Elias A. Calkins should ever be engaged in the task of suppressing a democratic newspaper.

PUTTING DOWN GUERRILLAS IN MISSOURI.—Gen. Schofield, commanding the state forces in Missouri, has issued an order holding the rebels and rebel sympathizers responsible in their property, and, if need be, in their person, for damages hereafter committed by guerrillas or unauthorizing parties in that state. Ten thousand dollars will be exacted for every soldier or Union citizen killed; from one thousand to five thousand dollars for every wounded, and the full value of all property destroyed or stolen by guerrillas will be assessed and collected from the class of persons above mentioned residing in the vicinity of the place where the act may be committed. The sums thus collected will be paid to the legal heirs of the soldier or citizen killed, or to the person wounded, or to the rightful owner of property destroyed or stolen. This order is very stringent, and abundant machinery is provided through county boards appointed by the military commandants of divisions, to carry it into speedy effect.

FRANK BLAIR, JR.—In a speech to a seceding party at St. Louis, Friday night, the Hon. Frank Blair, Jr., announced that he would be a candidate for re-election to congress. The democratic party can not be elected, and has a strong article against him. The Germans who have heretofore supported him, will now oppose him almost to a man.

It appears that Mr. Blair does not submit his claims to a nominating convention, nor is he "called out" in any manner, but proclaims himself a candidate, whether a majority of republicans want him or not. Under such circumstances he will, undoubtedly, be beaten, but he may succeed, also, in defeating the regular republican candidate, since he has lost the confidence and respect of so many of his party in St. Louis. He is "played out," and will soon retire to the shades of private life.

EMANCIPATION IN MISSOURI.—The emancipation convention just held at the capital of Missouri, was attended by 135 delegates, representing 25 counties. Judge Welles presided, and B. Gratz Brown, of St. Louis, was chairman of the committee on resolutions. The deliberations of the convention were harmonious, and the organization of an emancipation party in Missouri was accomplished.

MURDER OF SLAVES BY REBELS.—Flag Officer Dupont writes to the navy department that the rebels, through information given by a man who had been employed by our troops from Hutchinson Island, and made a descent upon Mrs. March's plantation, surrounded the house, and, with a ferocity characteristic of all events of that kind, murdered in cold blood a large number of contrabands who were awakened from their slumbers to fall into the hands of the infuriated rebels.—N. Y. Tribune.

BY TELEGRAPH.

REPORTED FOR THE DAILY GAZETTE.

BY WIRELESS STATION TELEGRAPH LINE, Omaha Union Passenger Depot.

Last Night's Report.

SAN FRANCISCO, June 25. Gen. Carleton's brigade has entered Arizona. The advance guard under Col. West reached Tucson about the 7th ult., the rebels having previously abandoned the place. The stars and stripes are again hoisted over the ruins of Fort Breckinridge.

CAIRO, June 25. The number of claims thus far presented before the commissioners reached nearly 700, representing an aggregate of \$100,000.

WASHINGTON, June 25. The postal connection between the United States and Mexico was, to-day, officially promulgated.

The provost marshal discovered and took into his possession \$10,000 worth of new equipments, supposed to be stolen property. They have recently seized other military goods under similar circumstances.

NEW YORK, June 25. The steamer Conanzalez arrived from New Orleans, about half past two this afternoon, with dates to the 18th. The newspapers contain but little news. The steamship Mississippi sailed on the 18th for Boston with a large number of passengers and 272 hogsheads of sugar. Weather delightful with refreshing showers. Seven hundred hogsheads of sugar were sold on the 16th and 17th for 50¢ cents for July fair. Business in other articles was light. An order from Gen. Shipley permits the return of Confederate officers and soldiers upon condition that they immediately report to the commandant and take an oath not to furnish or bear arms against the United States, nor in any wise furnish information, aid or comfort to the enemies of the federal government when they are exchanged or released from their parole.

McCLINTOCK'S HEADQUARTERS, Tuesday June 25. From the movements of the enemy, last night, and from information received from a captured rebel, a general engagement was looked for this morning. The troops were all under arms at daylight and everything in readiness, but after a slight demonstration by the rebels and finding themselves promptly met at every point they retired to their old position.

A terrible storm visited this section, last night, lasting about three hours. The wind blew a hurricane, leveling tents and trees in all directions.

Richmond papers complain of the large price paid for substitutes in the rebel army, many of whom immediately desert. They mention instances where as high as \$17 and \$20 has been paid.

The action of Col. Rains Ingall, of White House, in causing the arrest of some fifty of the most prominent secessionists living in the rear of our army, is having a most salutary influence on those who now stay. Ten arrests were made yesterday in the neighborhood of New Kent Court House and Charles City, and the arrested parties sent to Fort Monroe. There has been less skirmishing for the last 24 hours than at any time since the battle of Fair Oaks. The condition of the swamp for encampment has rapidly improved within the last few days. The movements of the enemy, to-day, have been mysterious. Their pickets, at some points, have been drawn in half a mile. At others they remain as usual. The ground vacated by the enemy is now held by our troops.

Richmond papers to-day speak of the arrest of Gen. Price. No mention is made of the whereabouts of Beauregard's army. NEW YORK, June 25. President Lincoln was accompanied as far as this city by Gen. Scott. In response to loud cheers at Jersey City, as the train was leaving, the President said a few words to the effect that his visit to West Point was not to make or unmake any general.

NEW YORK, June 25. It is rumored that Gen. Scott is to succeed Stanton as secretary of war. Gen. Banks is to be his assistant. Another rumor is that he will be commander-in-chief and Banks secretary of war. Porter's mortar fleet has gone to Vicksburg. Part of it is before Vicksburg; a portion of his fleet has been sent to the aid of Grant and Gen. Grant has declared martial law at Norfolk, city officers refusing to take the oath.

HARRIS FERRY, June 25. A pontoon bridge is on its way to Fremont. Earthworks are being thrown up at Bolivar Heights. It is rumored that Ewell is advancing on New Creek; reinforcements have been sent there. Jackson is by this time checked, and Fremont and Banks have joined forces to pursue him.

REPORTER N. M. STANTON.—We have advanced our pickets on the left considerably, to-day, under sharp resistance. Our men have behaved very handsomely. Some firing still continues.

Geo. B. McClellan, Major General Commanding. JUNE 25.—3:15 P. M. To E. M. STANTON.—The enemy are making a desperate resistance to the advance of our picket lines. Kearney's and one half of Hooker's men are where I want them. Have this instant reinforced Hooker's right with a brigade and a couple of guns, and hope in a few minutes to finish the work under arms. Our men are behaving splendidly. The enemy are fighting well also. There is not a battle, merely an affair of Heintzelman's corps, supported by Kearney's, and thus far all goes well, and we hold every foot we have gained. If we succeed in that which we have undertaken it will be a very important advantage gained. The loss is not large thus far. The fighting up to this time has been done by General Hooker's division, which has behaved as usual, that is, most handsomely. On our right Porter has silenced the enemy on his front.

Geo. B. McClellan, Major General Commanding. JUNE 25.—5 P. M. To Hon. E. M. STANTON.—The affair is over and we have gained our point fully, and with but little loss, notwithstanding the strong opposition. Our men have done all that could be desired. The affair was partially decided by two guns that Capt. De Russy brought gallantly into action under very difficult circumstances. The enemy was driven from his camps in front of this, and all is now quiet.

Geo. B. McClellan, Maj. Gen. Comd'g. WASHINGTON, June 25. Special to Chicago Times.—The senate judiciary committee reported a bill, to-day, making it a misdemeanor, punishable with imprisonment and heavy fine, for any senator or representative, or any officer of the government, to receive any consideration for obtaining any contract or office, or agreeing to do so. In case of such a contract, it is to be declared void, and the member is to be disqualified from holding any office thereafter. Secretary Seward, General Post, Count Mercier, and the Danish minister visited congress to-day. In the house, Gen. Pope was introduced to a large number of members. He was dressed in plain citizen's dress. It is stated that he regards the campaign in the west as virtually at an end, and that the story of his having taken ten thousand

prisoners is a pure fiction, and was never telegraphed by him or Gen. Halleck. The President returned to night from his trip to West Point. Speculation is, as usual, rife as to his mission, but nothing is known beyond the fact that he visited Gen. Scott, whom he did not find in very good health. The military authorities to-day secured several thousand dollars' worth of government arms and goods, secreted in buildings in the city, and addressed to a quartermaster in Blenker's division. There were immense quantities of clothing, boxes of Springfield muskets of pattern hard to obtain, officers' swords, shoes, etc., showing that very extensive swindling and thieving operations have been going on for some time. Most of the articles were marked for the 8th New York Cavalry regiment, and, when the authorities removed the freight in wagon, large crowds gathered to witness. The discovery has created quite a sensation, and adds another to the long list of charges against Blenker's division. The mayor of Nashville and other citizens of that city arrived to-day. They will probably appear in the impeachment case which comes up in the senate to-morrow. The speech of Senator Browning against any consideration whatever is regarded as significant of the views of the conservative element. Gen. Shields did not get a single vote in executive session for his confirmation as major general. It is stated that he and Stonewall Jackson are brothers-in-law.

the rebels, and did excellent service. An effort of the enemy to capture them resulted in their being driven back with severe loss. The result of to-day is highly important to the health of the army, as but little more ground is to be gained to place our troops beyond the swamp. Gen. McClellan has present the whole day, superintending all movements. WASHINGTON, June 25. The rumors from New York of contemplated changes in the cabinet are not, believed here, in any quarter, and are generally regarded as mere speculations, from the fact that the President's visit to Gen. All of the arrangements are so completed that we anticipate a celebration that will be worthy of the day and the occasion. It is a day which the American people ought never to forget, but in the present condition of our country, there are special reasons and considerations why more spirit and patriotism should be exhibited upon this day. We cordially invite the people from the country and adjoining cities to unite with us in appropriately celebrating the day, promising all a pleasant time during the day and evening.

"A SKIRMISH—An affair" occurred yesterday, on our streets which has been the occasion of considerable talk about town. A sympathizer with the south undertook to make his hostility to the government in a manner so offensive to a good democratic Union man, that the latter objected quite strongly, when the seceder pitched in for a fight, and was "cleaned out" by a brother of the Union man. There was not much time lost in scientific maneuvering, but our young belligerent, like Gen. Mitchell in Tennessee, kept going in so rapidly that seceder got confused and was finally worsted. There is very little sympathy expressed for Jeff. Davis' friend, and the only regret we have heard expressed is that the doctrine of non-intervention had not been rigidly adhered to by the crowd, so that young Charley might have finished his job according to his original intention.

We trust that the absurd story that Gen. Scott is to be Secretary of War is untrue. The old gentleman was once equal to such a task, but age and infirmities have so increased upon him that his faculties have become dull and sluggish. We want a live, and not a dead man, for that position.

ARRIVAL OF THE GUN.—The cannon procured by Lieut. Aiken for the celebration of the 4th, arrived here yesterday. It is a brass 6 pounder, and belongs to the state. We understand that several of our citizens were required to give a bond of \$500 for its safe return. Lieut. Aiken has a full squad of men to man the gun, and it will do good service in the celebration of "independence day."

ELDER ON THE DEATH OF GOV. HARVEY.—This piece of music, the production of Prof. Allen, music teacher in the Blind Institute, is for sale at the music store of J. L. Darling, opposite the Central Bank.

FOUND.—A large brass key. Enquire at this office.

As the rebels can get no salt, they will not be able to save their meat without jerking. And they seem to be pretty thoroughly jerked meat themselves.—Louisville Journal.

Mr. Lovejoy asked consent, in the house, but it was refused, to introduce a resolution instructing the committee on ways and means to report a bill imposing a tax on bank notes.

There will be a Trial of Mowers on the farm of Joseph Spaulding, situated four miles north of Janesville, on Milton Avenue, Friday, June 27th, 1862, at 2 o'clock P. M.
